ACHIEVEMENTS

Smart India Hackathon Winners '22

under PSID : VS932.

Flipkart Grid 4.0 Finalists

HacktoberFest '21

contributed in 4 web projects.

TECHNICAL PROJECTS

Scholarship Portal for Students and Funding Agencies

Made a scholarship portal to for Smart India Hackathon, to promote One Nation - One funding platform for funding agencies and applicants. Major focus was to create a gateway for various funding agencies to submit their problem statement and funding limit. Every HEIs and individual register and access all the schemes and apply in the relevant ones.

eCommerce warranty system using NFTs

Made a website for the Flipkart GRID Hackathon, a decaying NFT that proves ownership using smart contract. Provide the purchasing history, warranty period, and other item information.

Code-ite (Online Compiler)

Using React, Socket.io, Express, and SQL made an online coding platform which can compile code of 4 languages.
Multi-users can collaborate and work together.
Also designed the website.
https://codeite.haxworld.net/

College Placement Cell Website

Made a website for the students and the admins of the college to access and update their profile where Admin can notify and allot the students about their placement and internships. Connected Discord bots with the website to send notifications.
